

New legal requirement for businesses to collect “Track and Trace” information

From September 24, 2020, the Government has announced we will be legally required to enforce the “rule of 6” and to collect contact details of visiting customers and retain them for 21 days.

There are two methods of supplying that information

- 1) Download the NHS Covid-19 app and scan the QR code on display in the library.
- 2) Fill in your contact details on a slip of paper. These will be securely disposed of after 21 days.
